P.C. :

Original records which were produced during the course of hearing have been perused. The terms and conditions of the invitation to tender requires that the financial and technical bid should be signed by the Applicant. However, the original record shows that the Petitioner has not signed the original bid. It has just put at the end of the page its seal and initial. That certainly is not a substantial compliance of the requirement. While applying the

terms and conditions equally to all concerned, the Respondents have rejected the financial bid of the Petitioner and have already awarded the contract to Respondent No.10. We see no reason to interfere. The Writ Petition is dismissed, leaving the parties to bear their own costs.

The original records are returned.
